4 onglets à compléter

The image shows a software interface for configuring a quiz. At the top, there is a navigation bar with four tabs: 'Score Options', 'Messages', 'Colors', and 'Accessibility'. The 'Colors' tab is currently selected. Below the navigation bar, the main area is titled 'Colors:'. On the left, there is a preview of the quiz interface. The preview has a light blue background and contains the following elements: a title 'Quiz title', a description 'Quiz description will be displayed here.', an author profile with a placeholder icon and the name 'author', a text input field labeled 'Your Name »', and a 'Start Quiz' button. On the right side of the 'Colors' configuration area, there is a color palette with several color swatches. The second swatch from the left (a dark blue) is selected and highlighted with a dashed border. Below the color palette, there are three expandable sections for color selection: 'Background Color »', 'Foreground Color »', and 'Title Color »'. A color picker tool is visible on the right side of the 'Background Color' section, showing a vertical gradient from black to red.
